

Hornchurch District Strategic Plan for 2017

At the Hornchurch District Conference on 26th November 2016 a cross section of adults from across the District came together to review how things are going and to plan the focus for the next twelve months. As a result five strategic objectives emerged as follows:

These 5 Strategic Objectives will become the overriding focus for 2017, with all of the other work we do hanging off of these objectives. At the District Team Meeting on the 16th January 2017 these objectives will be defined and specific actions identified and agreed.

Each Objective will have a Strategic Lead from the District Team and regular progress updates will be communicated to all at regular intervals. All District Meetings in 2017 will include an agenda item on this Strategic Plan so that everyone is aware of how we are doing and how every member of the District can feed in to developing this plan.

In addition this plan dovetails with The Scout Association's Plan up to 2018, by which point it is hoped that adults in Scouting will feel:

- Empowered
- Valued
- Proud

If we manage to achieve a positive change in all the areas of above it will lead to the adults in Scouting in Hornchurch being Empowered, Valued and truly Proud of the difference we are making to young and old

The full Strategic Plan and KPIs will be launched at the District Social on 9th February 2017.

This is our Plan and it's our chance to achieve something special. 2017 promises to be epic!
